**Inspections of Animal Welfare Organisations**

Shri Hem Pande, I.A.S., Joint Secretary (AW) MOEF & Member, AWBI insisted on conducting inspection of organizations for only larger grants in time. He stated since organizations are more and inspection authorities are less, Government Agencies such as District Collector, Animal Husbandry Department and Forest Department can be deputed for undertaking inspections. The regular grants can be released on the basis of available inspection report, Animal Verification Certificate certified by Animal Husbandry Department and other documents submitted by AWOs. Members may randomly visit such organizations. He opined that feasibility of making video be explored for ABC operation and organ count should be made compulsory by a team for all AWO’s doing ABC programme.

Shri Brahamchari Omswarooparya, Member stated that Government Agencies delays inspection on many occasions. Shri Guljari Lal Soni, Member stated that welfare funds should be used minimum on inspection charges and a better inspection system should be evolved and implemented. Therefore, fresh guidelines need be formulated for conducting inspections. It was decided by Executive Committee that only 10% of organization must be inspected on random basis. Details about available inspection reports should be updated and put up in website. Inspection Reports of last 2 years can be considered for next year’s Regular Grant. Regular Grants need no inspection report except some random checks for complaint cases or huge difference of animals from the previous years. This was agreed by all EC Members.

The State Animal Welfare Boards must be activated by the concerned Member of the state. All State Government Agencies should be asked to co-operate with the State Animal Welfare Board to make it a viable Animal Welfare organization in respective states.
